This is a summary of the net result of the coon hunt by 38 tembers of the Bohemian club and neir friends in the wilds about East Killingly Saturday night. Evidently coons do not make a practice of coming out when it rains. At any rate, there were none out in that storm. If they had been, they would have been out yet. About twenty-five of the hunters and near-hunters, with seven of the best dogs in the state scoured the country, but without success. Nevertheless all had a good time. An excellent supper was served at the camp and there were so many pleasant features of the outing that the littie discomforts of rain and hard tramping were overshadowed.

Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and postect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expese danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge. Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information .- Hall's Journal of Health.

and reliable remedy."

Or. Raymond M. Evarts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrayper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says : "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria sician I use Castoria and like it in my practice, and in my family,"

> Dr. Wm. I. McCann or Omaha. Neb., says: " As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home,"

I have used it with marked benefit in the case of my own daughter, Fletcher's." and have obtained excellent results from its administration to other children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that found it thoroughly efficient and your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Letters from Prominent Physicians Addressed to Chas. H. Fletcher. Dr. B. Halstead Scott, of Chicago, Ill., says : "I have prescribed your Castoria often for infants ria every day for children who are

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J. says: "I prescribe your Castoduring my practice and find it suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N.

I know of its good qualities and recommend it cheerfully."
